HURT OUR FEELINGS  
IS THE DENTIST.

## Meeting Re Dominion Gov't. Egg Regulations

A meeting has been arranged for the purpose of outlining the Dominion Government Egg Regulations at the Opera House on Thursday, March 13th at 2 p. m.

This meeting has been arranged through the U. F. A. and others and besides the matters mentioned above will include a thorough poultry talk by a representative of the Poultry Branch of the Dominion Department of Agriculture.

All interested in the poultry business are requested to attend, egg and poultry buyers, storekeepers and farmers, as a great many things to be discussed affect them all.

## Death of a Former Citizen

Mrs. G. B. Sexsmith received a telegram from her daughter, Mrs. W. Hopkins, on Tuesday evening, from Los Angeles stating that her husband had died suddenly. Mr. Hopkins was formerly on the Union Bank staff here and went Overseas during the big war where he was badly gassed and from which he has been suffering ever since. Mrs. Hopkins needs no introduction to Didsbury residents as she was so well and popularly known as Miss Eva Sexsmith and one of our most efficient teachers in the public school for some years. They were only married last July. Mrs. Hopkins will have the sincere sympathy of the whole district for the loss of her husband and the sudden ending of so short a married life.

## The Spiel

Two games were played for the Mitchell Cup this week, one with Crossfield on Monday night in which the local boys were successful in holding it, and another with Olds on Tuesday night in which the Cup took its departure. Olds seem to prefer our ice to play on as they are more successful in winning it here than keeping it at home. It's hoped Continued on page 8

## AROUND THE TOWN

Miss H. Roscoe was a visitor in Calgary over the week end.

Miss Vera Sexsmith spent the week end in Calgary.

Miss Hazel Osmond who has been visiting with her uncle and cousins for the last five months left for her home in London, Ont., on Tuesday.

Mr. P. H. McCann wishes to announce that the cows listed in his sale to be held on Friday are all government tested.

Light March winds with light snow flurries have ushered in the month but they have not been steady and the winter is passing out.

The appeal court of Alberta has reduced the death sentence of Wilhelm Einar Hansen, Sylvan Lake murderer, to five years in the Alberta penitentiary, the charge being reduced to manslaughter.

A report from Mr. W. Plaine states that ducks were seen on their northward flight last week. If these ducks are already going to their summer grounds it certainly augurs for an early summer.

The concert and play given by the Tuxis Boys in the Opera House last Wednesday night was very largely attended and the audience was greatly pleased with the fine program put on by the boys.

Dr. J. L. Clarke reports three operations for appendicitis at the Hospital last week, all of whom are doing fine. The patients were, Mrs. Dave Walden, Arthur Kershaw and Miss Eva Ray of Carstairs.

The members of the local Chapter of the Eastern Star gave a very successful whist drive and dance in the Opera House last Friday night. A large number of the members of the Chapter and Masons and their friends were present and a very enjoyable evening was spent.

A surprise party was held at the home of Mr. and Mrs. Tom Finlay on Tuesday evening, March 4th, when about ninety of their friends and neighbors turned out to entertain them. An enjoyable evening was spent in dancing and cards and a delicious lunch was served. Their friends departed for their homes wishing them a prosperous year at their new home north east of Didsbury.

## DON'T MISS THIS

On Saturday afternoon, March 15, in the Kluck Bldg., formerly occupied by Mr. Parker Reed, there will be on sale all sorts of home cooking and needlework, consisting of childrens wear, towels aprons and fancy goods. Lunch will be served from three until seven o'clock. Remember the date. This is your opportunity. The W. C. T. U. need funds to carry on the work.

## ANNOUNCEMENT

Mrs. Alice Rucker wishes to announce to the Ladies of Didsbury and vicinity that she will conduct a millinery and dressmaking establishment in the building lately occupied by Mr. Alkenhead.

The preliminary showing will be held on Saturday, March 16th.

## DIDSBURY DAIRY

### Canadian Immigration

The twin subjects of emigration and immigration are much in the limelight at the present time the world over, and parliaments, newspapers, magazines and organizations of many kinds are closely studying the problems involved, with the result that varying policies are being offered and suggestions innumerable advanced.

Old world countries with surplus populations and restricted areas and means of providing employment for their ever increasing numbers are anxious to find new homes overseas for these people where living conditions will be better and chances for success in life increased. Insofar as the British Isles are concerned, coupled with this is the hope, amounting almost to a determination, that these British subjects shall remain British through emigration to the overseas dominions, thus adding to the strength and prosperity of the Empire at large. The British Government is prepared to assist such movement of population to the full extent of its resources.

The problem now confronting the United States is one of limitation of immigration and selection of immigrants.

The overseas British Dominions, on the other hand, including Canada, Australia, New Zealand, South Africa, with sparse populations and vast unoccupied areas fit for settlement, require large additions to their populations. Their continued development and prosperity are contingent upon a large immigration of both people and capital. And these Dominions are fully in accord with the British Government in a desire that English-speaking British subjects should predominate in order that British traditions, ideals and systems of government may prevail.

The problem then is how to effect the transfer of people from the British Isles, to say Canada, under conditions which will assure their success in this country, thereby making them an asset to Canada and not a liability.

The problem, however, is not as simple as it would appear to be, but is in reality quite complex. Canada requires men and women capable and willing of facing the hardships inseparable from the life of pioneers. This country wants people to go on the land, and to engage in hard tasks of development of which will come success for the new settler and advancement for Canada. A large percentage of Great Britain's surplus population is found in the large industrial centres, and by training and physique these people are not adaptable to our conditions, and all too frequently quite incapable of becoming so. To transfer them in large numbers to Canada would be a tragedy for them as individuals and harmful to this Dominion. There must, therefore, be selection.

There are, however, certain pressing requirements to be met in Canada, and anyone who can offer suggestions and a workable policy as to how the needs of both Britain and Canada are to be met is rendering invaluable service to the Empire. And of the proposals so advanced those contained in a recent address by Sir Clifford Sifton before the Canadian Club of Winnipeg are deserving of serious consideration.

It must be recognized that, although mistakes were made by him, Sir Clifford was the most energetic and successful Minister of Immigration Canada has yet produced. Under his administration more people were brought to Canada, more new territories opened up and developed, more material progress recorded, and greater prosperity enjoyed than at any time either before or since his tenure of office at Ottawa. Mistakes, we repeat, were made and from some of these have grown problems still demanding attention, but the benefits accruing to Canada, and particularly to the West, far outweigh the disadvantages. On the subject of immigration, therefore, Sir Clifford can speak with authority, and his views should, and will, carry weight and influence.

Sir Clifford Sifton is wise enough to see that even proper selection of immigrants, and their suitable location after arrival in Canada, will not in themselves be sufficient to ensure success. Conditions essential to success must likewise receive consideration, and remedies applied where existing conditions do not make for success. Among the matters requiring specific action by the Government of Canada enumerated by Sir Clifford are problems of marketing, notably lake freight rates on grain; ocean rates on cattle from Montreal to British ports; a strengthening of the Canadian Bank Act and banking system which will provide needed security to the public, and greater facilities for currency and loans in times of emergency and financial stress; greater economy in public administration leading to a lessening of taxation.

An outline of Sir Clifford Sifton's proposals and consideration of the same will be reserved for future articles.

### National Economy Campaign

Public Demand For Lower Taxation Reaching From Atlantic to Pacific

Several days ago a movement commenced in Regina which will probably be Dominion-wide in its effect. Representatives of all classes from important parts of the prairie provinces met in conference to devise ways and means of creating an organized public demand upon the governments of this country for an immediate curtailment of wasteful government expenditures. As a result similar conferences will be held in Eastern Canada and British Columbia, and it is hoped that within the next few weeks the whole country will unite in demonstrating to all governments that the public will not stand for a continuation for the ever increasing additions to our tax burdens. A National Economy Campaign will be commenced on February 15th, and last until February 29th, and during that period a general protest will be made through the pulpit, press and platform, against the present tax burden. Governments are very considerate of organized public opinion and it would seem that the best way to convince them that the time for lower taxation is long overdue is to demonstrate to them that the people as a whole will back them in any effort they may make to reduce government expenditures.

### New C.N.R. Service

A through train service between Chicago and New York has been announced by the Canadian National Railways. The new train will have running rights over the Lehigh Valley railroad and will reinstate the service given in the territory to be covered prior to the war. New equipment of the latest Canadian National type will make up the train.

### ALMOST HELPLESS AFTER INFLUENZA

Left Weak, Nervous and Broken Down—Health Regained

"A few years ago, says Miss Frances Hankla, of Plenty, Sask., 'my mother, Mrs. Walter Hankla, was stricken with influenza which was then epidemic, and for a time was in a critical condition. She appeared to get over the prominent symptoms of the trouble but did not regain her strength. Some weeks later her weakness developed into sinking spells in which she would almost smother. Notwithstanding medical aid these spells continued and she was constantly growing weaker, until she was practically reduced to skin and bone. Her lips and gums were colorless, she was nervous, and suffered from indigestion and palpitation of the heart. At this stage a friend of mother's, who lived at a distance, came to see her and strongly advised her to try Dr. Williams' Pink Pills, which, she said, had greatly helped her in a critical illness. We got these pills and mother began taking them. The improvement was slow at first, but we could see that the sinking spells were growing less frequent, and that strength was returning. The treatment with Dr. Williams' Pink Pills was continued, and day by day health and strength returned, until she was again able to go about, and help with the work of the house. The improvement this medicine made in her case was simply remarkable.

"I may also say," adds Miss Hankla, "that in my own case these pills were of the greatest benefit. Last winter I was in a badly run-down condition, and very nervous. My appetite failed and I had no color. Knowing what Dr. Williams' Pink Pills had done for mother, I began taking them with the result that they soon made me as strong and full of vigor as the other girls of my age. I may just add that I think we owe mother's life and my good health to the pills and I hope our experience will be of benefit to some other sufferer."

You can get these pills from any medicine dealer or by mail at 50c a box from 'The Dr. Williams' Medicine Co., Brockville, Ont.

A wise woman shows discretion in the selection of things to be left unsaid.

**It Bids Pain Begone.**—When neuralgia racks the nerves or lumbago cripples the back is the time to test the virtues of Dr. Thomas' Electric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. A trial of it will establish faith in it.

There's nothing a man can be such a liar about as telling his son how different boys were in his time.

Only the uninformed endure the agony of corns. The knowing ones apply Holloway's Corn Remover and get relief.

Ask for Minard's and take no other

W. N. U. 1511

## BLUE RIBBON TEA

You can either take our word for it, or experiment for yourself, but you will find **BLUE RIBBON TEA** is in a class by itself—Try it.

### Grain Through Vancouver

Vancouver has shipped and booked for shipment to date almost 50,000,000 bushels of the 1923 crop. Last year's total crop movement through this port was approximately 19,000,000 bushels. Up to the end of December the port had shipped 12,984,767 bushels of grain and additional shipments and bookings for the next few months amount to 36,400,275 bushels, giving a total of 49,385,042 bushels.

### Saskatchewan Butter Production

Production of creamery butter in Saskatchewan passed the 10,000,000 pounds mark for the first time with the returns received for 1923 up to the 30th of November. The production for that month was 441,314 pounds, making the output for the eleven months of the year 10,121,702 pounds, an increase of 1,551,795 pounds, or 18.1 per cent. over the corresponding period of 1922.

## CHILDREN CRY FOR "CASTORIA"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years as a pleasant, harmless substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups. Contains no narcotics. Proven directions are on each package. Physicians everywhere recommend it. The kind you have always bought bears signature of

*Chas. H. Fletcher.*

## Less Pot-washing

**SMP Enameled Ware** has the smooth surface and polish of fine crockery—without the breakage. And it is so very easy to clean—just like china, and therefore makes light work of pot washing.

Try this test. Take an **SMP Enameled Ware** sauce pan and an all-metal sauce pan of equal size. Into each pour a quart of cold water. Put on the fire at the same time. The **SMP** sauce pan will be boiling merrily when the water in the other is just beginning to simmer.

### SMP Enameled WARE

"A Face of Porcelain and a Heart of Steel"

Three finishes: Pearl Ware, two coats of pearly grey enamel inside and out. Diamond Ware, three coats, light blue and white outside, white lining. Crystal Ware, three coats, pure white inside and out, with Royal Blue edging.

## Order Your Farm Help Now

IN VIEW of the great demand for farm help existing in Canada, the Canadian Pacific Railway will continue its Farm Help Service during 1924 and will enlarge its scope to include women domestics and boys.

THE COMPANY is in touch with large numbers of good farm laborers in Great Britain, Norway, Sweden, Denmark, France, Holland, Switzerland and other European countries and through its widespread organization can promptly fill applications for help received from Canadian farmers.

In order to have the help reach Canada in time for the Spring operations farmers needing help should arrange to get their applications in early, the earlier the better, as naturally those applications which are received early will receive first attention.

Blank application forms and full information regarding the service may be obtained from any C.P.R. agent or from any of the officials listed below. THE SERVICE IS ENTIRELY FREE OF CHARGE.

### THE CANADIAN PACIFIC RAILWAY COMPANY

## BRITISH OPINION ON THE SUBJECT OF EMIGRATION

London.—The Daily Chronicle editorially discusses the subject of emigration, especially in relation to the new agreement between Great Britain and Canada under which financial aid is to be given emigrants.

"Much will depend upon the way the new initiative is worked," the Chronicle says. "Now that the world is being knit more closely by improved communications, and the British Empire is being bound into a closer unity than ever before, our working classes no longer have reason for thinking that emigration is a sort of ostracism."

The remainder of the Chronicle's editorial is complimentary to the Dominion: "When once she (Canada) gets into her stride, she will need many millions more people," the Chronicle says, "and it is to be hoped that the proper proportion will come from Great Britain."

### Conservatives in Opposition

London.—The Speaker of the House of Commons, J. H. Whitley, ruled that the Conservatives in the House will be recognized as the official opposition and will occupy the seats formerly occupied by the Labor representatives. The Liberal members will sit on the Government side of the house, but below the gangway, or the cross passage, halfway down, giving access to the back benches.

### Reception For Prince

Johannesburg, South Africa.—The Prince of Wales will be given a great reception in South Africa, and his visit to this dominion, on which he will start from England on May 2, will be a memorable one.

## She Is Thankful She Started Taking Them

### Saskatchewan Woman Tells of the Good Health Dodd's Kidney Pills Brought Her.

They made a new woman of Mrs. J. Kozakewich, who had had three operations and was not quite well.

Hubbard, Sask.—(Special).—"I have been in hospital, full after fall, for three years. One month each time. I have suffered for about five years with backache, dropsy and headaches. I used to get dizzy and short of breath and was very nervous."

"I started to use Dodd's Kidney Pills and they have helped me a great deal. I am thankful I started taking them and will always keep some on hand."

This statement is made by Mrs. J. Kozakewich, well-known and highly respected resident here. All Mrs. Kozakewich's troubles came from diseased kidneys. They speedily ceased when she commenced to use the one sure help for diseased kidneys—Dodd's Kidney Pills. They are used to treat rheumatism, dropsy, backache, diabetes and heart disease, because all these ills are either of the kidneys or caused by diseased kidneys.

### Plan to Checkmate Bandits

Toronto.—Chief of Police Dickson is planning to erect observation booths on all main highways at the city limits, manned by two constables with motor cycles, to check the escape of bandits in automobiles.

## ACNE ON FACE CUTICURA HEALS

Hard, Large and Red Pimples. Itching Was Terrible.

"Had been troubled all my life with acne on my face. My forehead was a mass of pimples. They were hard, large and red, and the itching was most terrible. My face was disfigured. I got for a free sample of Cuticura Soap and Ointment and after using them got instant relief. I bought more, and after using two cakes of Cuticura Soap and three boxes of Cuticura Ointment I was healed." (Signed) Mrs. G. S. Miller, Box 14, Marshall, Wash., Jan. 2, 1922.

Use Cuticura for every-day toilet purposes. Bathe with Soap, soothe with Ointment, dust with Talcum.

Sample Soap Free by Mail. Address: Formosa, Inc., 154 So. 4th St., St. Paul, Minn. Sold every-where. Soap—Ointment—Talcum—Free.

## Will Award Prizes for the Best Peace Plan

Ottawa.—Prizes under the William Gleaves Doyle memorial which provides for four prizes for the best original essays on "how peace between nations can best be preserved," will be awarded to pupils or undergraduates in any recognized Canadian educational institution. The memorial has been donated by the widow and family of Mr. Doyle, who at the time of his death was European representative of the League of Nations Society in Canada.

## Startling Taxation Facts

Canada's National Debt Is Doubled Since War Ended

Winnipeg.—The tremendous increase in government expenditures and the consequent heavy increase in taxation in Canada are the two things which keep the Dominion from benefiting to the fullest extent from the many economic advantages which we have over other countries. The mounting up of government expenditures is astounding, according to information supplied by the Canadian Boards of Trade. Canada today pays about \$900,000,000 in taxation; an average of \$100 per annum for every man, woman and child in the country. This is almost as heavy as the taxation in Great Britain. Our national debt has doubled since 1918 and now stands at \$2,800,000,000. With every other Anglo-Saxon country reducing its expenditure Canada stands alone with its addition of \$3,000,000 to the national debt in 1923. In pre-war days practically all of our national revenue was derived from customs; today our customs taxes bring in double what they did and in addition the Dominion Government collects an average of \$3,000,000 each week from special taxes. Although the war ended in 1918, special war taxes are still being collected. The ordinary expenditures of the Dominion Government are more now than they were during the war; our Provincial Governments are costing from 50 per cent. to 70 per cent. more than they did in 1918 and our Municipal Governments have increased to the same extent. How long will the taxpayers refrain from demanding drastic cuts in public expenditure?

## Would Raise Tariff

Senator Robertson Has Scheme to Increase Population of Canada

Toronto.—Canada needs population and to get population she must have more tariff protection. This was the main theme of Senator Gideon D. Robertson, minister of labor in the former Conservative Government, in an address to the Conservative Business Men's Association here.

If the tariff and sales tax obstacles were overcome, added the speaker, Canada should increase its population by 5,000,000 in the next 15 years, but the population could not be increased unless conditions were so changed that there was employment for all who were willing to work. The way to bring about that employment was the reduction of the sales tax and the raising of the tariff wall. The sales tax should be reduced to 2½ per cent. in the opinion of the senator.

## Norsemen Are Coming

Thousands of Norwegians May Migrate to Canada this Year

Quebec.—The Dominion of Canada will secure between eight and ten thousand Norwegian immigrants during the coming season of navigation, if the reports of five prominent Norwegian shipping men, who arrived in the city via Halifax, are received with favor by the interested parties in this country.

They have come to this country for the purpose of studying farming conditions, so that they may present an intelligent and detailed report upon their return to Norway.

### Unemployed in Britain

London.—Nearly 70,000 men and women were added to the number of unemployed this past week, presumably as a result of the recent strike of the engineers and firemen on the railways.

Automobiles are now being exported from Canada at the rate of 177 per working day.

## WESTERN EDITORS

J. D. S. Barrett, Editor and Publisher of The Journal, Coleman, Alberta.

## A Tribute to Wilson

Says Late Ex-President Gave Life to Humanity

Ottawa.—A great tribute to the service the late ex-President Wilson rendered humanity is contained in a telegram of sympathy which Sir Robert Borden, as president of the League of Nations Society of Canada, forwarded to Mrs. Wilson, on behalf of the society.

The telegram reads:

"The League of Nations Society in Canada, venture to tender to you their deepest sympathy in your bereavement. To the service of humanity your husband consecrated his endeavors and gave his life. His future place in history will bear witness to the world's tribute."

## ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for

Colds Headache  
Toothache Lumbago  
Neuritis Rheumatism  
Neuralgia Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Drug-gists also sell bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocellulose of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

### Has Audience With the Pope

Rome.—Pope Plus gave an audience to Right Rev. J. T. McNally, D.D., Bishop of Calgary, Alta., who presented a report of his diocese to His Holiness. The pontiff inquired about conditions in Alberta and showed an especial interest in the institutions managed by the religious orders and organization and the schools for Indians in that province.

## Quickly Conquers Constipation

Don't let constipation poison your blood and curtail your energy. If your liver and bowels don't work properly take CARTER'S LITTLE LIVER PILLS today and your trouble will cease.

For dizziness, lack of appetite, headache and blotchy skin nothing can equal them. Purely vegetable. Small Pill—Small Dose—Small Price.

## Revision Of Grain Act Expected to Be Made

Ottawa.—A wholesale revision of the Grain Act will be made this session of Parliament, so, it was forecast by a minister interested in the act. "The character of the changes," he said, "will depend largely upon the report of the Turgeon commission. I imagine that the principal thing to be dealt with is mixing, which has occasioned very wide complaint. Very likely, also, the number of grades may be reduced. The disposition of the government will be to give effect to whatever the commission recommends, assuming that its report is submitted early enough."

## Neuralgia Conquered Its Pain Destroyed

Magical Results Come When You Apply

## NERVILINE

IT ACTS QUICKLY

Mr. W. T. Greenway, formerly connected with the Guide newspaper staff, has written: "For twenty years we have used Nerviline in our home, and not for the world would we be without it. As a remedy for all pain, earache, toothache, cramps and disorders of the stomach, I know of no preparation so useful and quick to relieve as Nerviline." Remember this, wherever there is pain, rub on Nerviline, and you will get prompt results—35c at all dealers.

## Future Of Dairying

Canada Will Become the Greatest Dairy Country in the World

Moose Jaw.—"Canada is going to be the greatest dairy country in the world, and it is absolutely essential in the development of our industry that we stand behind the quality of our butter and raise the standard of all our dairy products," declared E. H. Stonehouse, of Toronto, president of the National Dairy Council, at the opening session of the fifth annual meeting of the National Dairy Council, held for the first time in Saskatchewan.

Mr. Stonehouse briefly reviewed the causes which had led to the formation of the National Dairy Council, the serious economic condition which resulted in the agitation for such a body taking definite form and the heavy responsibilities devolving upon it as soon as the body was formed. Since its formation the council had been given most generous support by co-operative bodies and dairy associations in all parts of Canada.

## Demands Equal Rights

Special Privileges For No One Is Andrew McMaster's Idea

Montreal.—"Equal right for everyone and special privileges for no one, that is my idea," said Andrew McMaster, K.C., M.P. for Brome County, in the course of an address before the United Farmers' of Quebec, at their sixth annual convention here. Mr. McMaster flayed protection in fiscal matters and urged that the farmer be given fair play since the prosperity of the country, he declared, depended on agriculture.

"I believe," said the speaker, "that our manufacturers would be wise if they took into account the sentiments of the agricultural class throughout Canada. Perhaps if they do not do so, if they insist, with the powers they have—and they have great powers, the press and men of high social standing—we must remind them that special privileges cannot always obtain in a country like this and they may find that, in the end, this privilege may be taken away more brutally than it should be taken away."

### May Stage Stampede

Calgary.—Manager E. L. Richardson has received a cablegram asking if it would be possible to stage a stampede like that in Calgary last year, at the British Empire Exhibition at Wembley next August. A reply will be sent after a conference on costs and other determining factors.

### Take Will Take Rest

Washington.—Chief Justice Taft, former president, by direction of his physician, Dr. T. A. Clayton, has cancelled all engagements for the immediate future, and entered upon a period of complete rest.

## WATERWAY PLAN CONSIDERED BY U.S. AND CANADA

Ottawa.—The Dominion Government has proposed to the United States that the technical aspects of the St. Lawrence waterway project be given further consideration by the joint engineering board and a report covering the whole project, including the cost, be obtained.

The proposals of the United States Government for the immediate conclusion of a treaty looking to the development of the St. Lawrence waterway, or alternatively, the constitution of a joint committee of experts to make preliminary studies as a basis for the framing of a treaty, are still under consideration.

The reply of the Dominion Government to the proposals of the United States is in the form of a communication sent by the governor-general to the British ambassador at Washington. It states that the Dominion Government is prepared to appoint additional engineers to the joint engineering board with a view to having the final report prepared. It also says that the Canadian Government "intends to constitute a committee which will, in consultation with the Canadian members of the joint engineering board, inquire fully from a national standpoint into the wide question involved, and hopes shortly to be able to take further action on the proposals made by the secretary of state."

## Wealth From Oil Lands

Indians in U.S. Break Into the Millionaire Class

Washington.—The red man has broken into the millionaire class. During the past year, Indians received oil royalties amounting to \$36,659, \$10 by leasing lands, set aside for him for agricultural purposes, to oil promoters.

Instead of a harvest of golden grain, the 13 tribes which benefited under the leases gathered a harvest of golden coins on 53,914,477 barrels of oil which spouted from their lands.

## CATARRH

For quick relief heat Minard's and inhale. Splendid for cold in head, throat and chest.

## Free Information to Farmers

### A Satisfied Customer

The following letter to the Rosebud Flour Mills from Harmattan tells a story—read it.

Mr. M. Weber.

Dear Sir,—Please advise me at your earliest convenience when I could bring a load of wheat and get bran and shorts mostly from it. Also inform me on quantity so I can bring enough bags.

I can recommend your flour as we have used it since I was down in the fall and it has given the best of results.

Yours truly,  
W. C. H. Caugh.

### The Spiel

Continued from page 1

this cup will be won again this season and reside here for the summer.

The local spiel is causing considerable excitement around the rink. Thanks to E. E. Freeman considerable prizes have been gathered and they are being keenly contested for, sixteen rinks being entered. The Grain Exchange has narrowed down with Hugel and Thompson in the finals. The Merchants event is down to the fours and Sinclair, McGhee, Brusso and Miller will play this off. Besides the good prizes in these events the winners receive beautiful silver cups which are their permanent property, there being a cup for each member of the rink. There are nine rinks in the Consolation and this event will be run off at once. Those Thompson's rink composed of Chambers third, Durrer second and Rev. Bender lead have won the aggregate, also the chocolates and have their photos taken. They are also in the jewelry in both events and have been the prominent rink in the spiel. When the Consolation is completed the Consolation to that event will be run off. This will be keenly contested as the chief prizes are hair cuts and close shaves.

The prize winners will be listed in next week's issue when the spiel should be near completion.

The cup event has been finished, James Reed's rink composed of W. McCoy, E. Cressman and W. Axtell winning the cup and Millers Hub Special Tea. McGhee's rink defeated Liesemer's rink on the play off for Millers Hub Special coffee.

#### BONSPIEL DONATIONS

The following is a list of the donations received for the Didsbury spiel. The committee wish to thank those who have given so liberally. Most of the prizes and cups are on view in the window of the Hub Grocery.

#### Elevators and Lumber Yards

U. G. G., 4 24lb. sacks Flour; The Bawlf, \$5 cash; Alta, Pacific, Ton of lump coal; Rosebud Flour Mills, 4 24lb. sacks Wheatlets; Atlas Lumber Co., ton lump coal; North End Lbr. Co., \$8 cash.

### A Polyglot Porter

John Cox, master of many languages.

THE smooth-working organism of a great railway which prides itself on being able to meet any situation in an equable manner, received a rude jolt one day when two picturesquely garbed strangers strolled into the Windsor Depot of the Canadian Pacific Railway at Montreal, and, despite the most elaborate and vociferous linguistic contortions, failed in a most deplorable manner to make anyone understand what they wanted.

Someone who had travelled in the east ventured the opinion that they were Arabs, and the polyglot bombardment which had been in progress ceased in hopeless despair, for the stock of available languages did not go into Kipling's country "east of Suez." Then a "red cap," one of the colored porters who make themselves useful about the station handling baggage between the train and taxicab, stepped up. He relieved himself of what sounded like a combination of a badly-running Ford and a Sarcee war chant, and had the situation straightened out in no time at all.

Investigation revealed that the railway had on its staff of baggage huffers a veritable Mezzofanti, a student who for sheer love of the acquisition picks up languages in the easy manner he does suitcases. He is known about the station as Number Eighteen, though this has no reference to his linguistic accomplishments. His name is John Cox and his country of origin is British Guiana, though to satisfy his voracious thirst for tongues that other people employ he has strayed far from his native sugar plantations. Spanish, Italian, English, French, Greek, Hindustani and Arabic he can call into requisition at a moment's notice, while he writes most of them with equal facility. He admits not being as yet equally at home with German, though he has substantial grasp of the language.

Hindustani is his native tongue. Facile English he acquired in England in the employ of a British railway magnate. In the same employ he went to Brazil and Panama, acquiring Spanish in an effortless manner en route. Returning to England with merely his appetite whetted, he took lessons in Italian and French and speedily added them to his linguistic list. The outbreak of the war opened up possibilities of yet more interesting and extensive travel, and he joined the navy as being less likely to remain confined to an area where they spoke the same language all of the time.

Fate played into his hands when he became stationed at Mudros, in the Grecian Archipelago, near the entrance to the Dardanelles. It was not long before he had qualified to keep a fruit store and was looking round for more languages to conquer. He bethought himself of the hordes of Turkish prisoners coming in to the depot, and after hobnobbing with them for a few months, was reading the "Arabian Nights" in the original.

He was demobilized in May, 1921, his one regret being that the part he had played in the war had never given him the opportunity of seeing the interior of Germany, but this lost opportunity he has since made up for by diligent study. He came from England to Canada and has since been in the employ of the Canadian Pacific Railway at Windsor Station Montreal. Now, when picturesquely garbed strangers from unknown lands appear at the depot, and general efforts to interpret their mouthings of weird sounds are ineffectual, officials send an S.O.S. for Number Eighteen.

## To Get The Utmost ADVERTISE

Don't blame the people if they buy some place else. Remember it was advertising that sold them—it may have been catalogue work or some other—it was advertising.

Profit by the past. Make use of the most potent force in the world—advertising. The Didsbury Pioneer is the axis around which this community revolves. Your customers read it because the news is authentic. It contains news and views from their neighborhood.

### Your Advertisement is News

every good housekeeper wants to read. She wants to know what you have, what it is, what it will do, and how much. Your advertisement in the Didsbury Pioneer will tell 500 customers each week your story. It don't have to be a flowery story, but good honest man to man talk.

The cost to you is so slight as to be negligible. Call us up by phone No. 12, let us talk it over.

## The Didsbury Pioneer THE PAPER THAT TALKS

### The Wheat Pool Drive Wanted, For Sale Ads.

The drive for additional membership for the Alberta Wheat Pool will commence on March 17th and continue until March 31st.

One of the reasons which prompted the decision of the Board of Trustees in instituting the Drive at this time was to insure that as many members as possible were enrolled before making up the membership lists from which the ballot cards are sent out for the election of Officers for the forthcoming year. Section three of the By-Laws provides that these lists must be compiled, and sent out to each member of the Association together with his Ballot Card before the twenty-fifth day of May in each year. The names of all those who sign during the drive will be in Head Office in time to be included. To be sure of receiving a ballot the grower should sign now.

By signing a contract now, the grower may, if he wishes, market the remainder of his 1923 crop through the Pool and will receive the same price at the end of the season as all other Pool members, for a like quality and grade of wheat. In this case the grower should date his contract as at the date on which he signs it. It will then become immediately effective.

If on the other hand a grower is still holding a portion of his 1923 crop which he does not want to put into the Pool he may sign a contract and date it August 1st, 1924. It will not become effective until that date. No contract should be dated later than August 1st, 1924.

A reinstatement form and a personal letter has been sent to each farmer who signed a contract last fall and withdrew (during the time allowed for that purpose) suggesting that he sign this form which will when returned to Head Office, place him in full membership again. The original contracts signed by these men were not sent out of the office, but were placed on a withdrawal file from whence upon request by each grower will be again placed on our active files without further inconvenience to the grower.

Fifty thousand newly printed contracts and ten thousand each of the accompanying circulars have been distributed over the Province, which number together with the surplus of unused contracts in the country.

## The Why of the Railroad "Y"

Mount Stephen House in the Canadian Rockies, near the heart of the finest "Playground of Canada." Left, The Cranbrook Y.

PROVISIONS made for the welfare of employees who are temporarily away from their home terminals are important factors in the successful operation of railroads, particularly in Canada, where divisional terminals are often located in small places where there is poor accommodation, if any, for the transient or periodical visitor, and practically no facility for amusement. Few men are satisfied to stop over at frequent intervals in places where they cannot obtain the ordinary comforts of life, and for this reason, to keep its men on the job, as well as for the reason that it desires its employees to enjoy the advantages of good food, rest and recreation whenever possible, the Canadian Pacific Railway has very earnestly supported various Railroad Y.M.C.A.s along its lines. At almost every terminal some provision is made for the train crews along Y.M.C.A. lines, but the Company has been more interested in providing quarters in such places as afford no other accommodation, such as White River, Chapleau and Cartier, small towns in Ontario, which really owe their existence to the fact that they are railway divisional points. Altogether ten buildings have been given over by the railway company to Y.M.C.A. work, and in addition to supplying and equipping the buildings, the Canadian Pacific supplies light, heat and repairs and makes a monthly grant of money to each. The Young Men's Christian Association operates the building at approximate cost, and where a profit is made this is put back into the service. It is interesting to note, however, that the first Y.M.C.A. on Canadian Pacific lines was started by the employees and citizens at Revelstoke in 1895. This organization did much towards "cleaning up" the town, and its good work so impressed the officers of the company with its possibilities that at the end of one year the building was practically taken over by them. This was really the nucleus of the greater organization, and Railroad Y's will now be found at Cranbrook, B.C., Field, B.C., where the Company gave the magnificent Mount Stephen House; Kenora, Ont., where the second association became established; Ignace, where a splendid new building is in course of construction; White River, Chapleau and Cartier in Ontario, and Brownville Junction, Maine. In most of these places the institution is of civic importance. Moving picture shows are arranged sometimes twice a week, and these are patronized by the whole town. Most of the "indoor" entertainments are open to visitors, but the outdoor sports are organized almost solely by and for the railroad employees and their families. Tennis, football, baseball and other sports are organized, and Divisional tournaments and matches are arranged in which both the male and female employees take part. Each "Y" is equipped with bowling alleys, and billiard tables, and competition in these sports is no less keen between the various districts and towns. The value of the organization cannot be fully appreciated by other than those who knew its workings. The engineers and trainmen, after driving through the snow and cold, find an open fire, a good meal and cheerful companionship awaiting them at the end of a journey. They can enjoy practically all the comforts of a home and the satisfaction which this gives them and the general effect it has on the morale and well-being of the employees generally, amply compensates the Company for its rather heavy expenditures.

### HOUSEHOLD

2 Beds and bedding; Dresser; Washstand; 2 Kitchen tables; Chairs; Sink with cupboard box; Heater; Range; Stove pipes; Lamps; 3 Lanterns; Aluminumware; Kitchen cabinet with flour bin; Milk pail; 2 Wash dish pans; Cups and saucers; Plates; Jugs; Preserving kettle; Big kettle; Power washer; Wash board; Wringer; Churn; Sharples separator; Bed Couch; 2 Cream cans; Fancy table; Small stove; 3 Irons; Meat saw, etc. etc.

Sale at 11 o'clock. Lunch at noon.

### THE WHEAT POOL DRIVE

Continued from page 4

since the last drive should be ample to meet the needs of this drive. Should any canvasser run short of contracts or other supplies he should apply to his nearest Post Office, Municipal Secretary's Office, Bank or Trading store. Extra supplies are being sent to all of these except those in the cities.

A further payment amounting, in the aggregate, to over \$2,500,000 is being sent out to the farmers who have marketed wheat through the Pool. It is expected that the final payment will be made before harvest.

On the evening of March 7th the membership of the Pool was 25,754. Statistics on the acreage under contract were not completed at that time.

## Constipated Dyspeptic, Bilious

Strong purgatives have killed many a good man. Costiveness is bad—violent cathartics are worse. If bothered with stomach trouble or biliousness, use Dr. Hamilton's Pills. They are so mild you can scarcely feel their action, yet so effective that the entire system is cleansed of wastes.

### Dr. Hamilton's Pills

Dr. Hamilton's Pills move the bowels gently, they tone the kidneys, assist digestion, clear the skin. For those subject to colds, biliousness, languor, there is no better medicine. Dr. Hamilton's Pills, 25c per box, 5 for \$1.00, all dealers, or The Cataract-Hozone Co., Montreal.

(Continued)

From this time until the snow fell we had perfect harvest weather. But it came too late, the proceeds of our season's work being less than half of what we had counted upon. At that time we were more fortunate than many of our neighbors, for we were not in debt. All we owed was the final payment to Mr. Herrington, and although when it was made our bank balance was very small there was a balance on the right side and that was a great comfort. Mother had taught me a horror of debt, and this Murray shared, so that while many of our plans changed their status and became only air-castles we felt that we had much cause for thankfulness.

Weeks afterwards I learned that Murray had written to our old Chief and to several other business men to ask if they had work for him, only to be told in every case that they had already cut their staffs to the lowest possible point. I knew it was for my sake Murray had done this, for in spite of bad luck the farm had taken so deep a hold on him that, like the pioneers who have made this and every other country, he was sure there were better days ahead.

"If you are content to hold on for a while we'll come out all right in the end," he said after he had confessed to writing to the Chief. "But if you would rather we'll try to sell in the spring, times will surely be better then, and what we get for the place will be a clear gain. For the winter we had better stay here, I think, from all I can hear I'd have a small chance of getting work in the city."

Of course I assured him that we would stay, that we had everything we needed to see us through the winter and that we should consider ourselves lucky to be so comfortably situated. And the expression of relief that crossed his face was worth the little fib when I told him that I'd feel like a rat leaving a sinking ship if I were to desert Herrington's hope now.

Real hardship we were not to experience. Once it was decided that we should remain on the farm we took

## MRS. ANDERSON TELLS WOMEN

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Leslie, Sask.—"For about a year I was troubled with a distressing down-bearing pain before and during the periods, and from terrible headaches and backache. I hated to go to a doctor, and as I knew several women who had taken Lydia E. Pinkham's Vegetable Compound with good results, I finally bought some and took four bottles of it. I certainly do recommend it to every woman with troubles like mine. I feel fine now and hope to be able to keep your medicine on hand at all times, as no woman ought to be without it in the house."—Mrs. OSCAR A. ANDERSON, Box 15, Leslie, Sask.

Mrs. Kelsey Adds Her Testimony  
Copenhagen, N. Y.—"I read your advertisement in the papers and my husband induced me to take Lydia E. Pinkham's Vegetable Compound to get relief from pains and weakness. I was so weak that I could not walk at times. Now I can do my housework and help my husband out doors, too. I am willing for you to publish this letter if you think it will help others."—Mrs. HERBERT KELSEY, R.F.D., Copenhagen, N. Y.

Sick and ailing women everywhere in the Dominion should try Lydia E. Pinkham's Vegetable Compound before they give up hope of recovery.

W. N. U. 1511

stock of our resources and made our plans very carefully. By strict economy I could, I was sure, keep my grocery bills much lower than they had been. Our cellar was full of vegetables and preserves, and the fowls I had counted upon selling we would keep for our own use—all except the turkeys and geese, and these I had sold "by mail" to my old grocer in Winnipeg. Dunker, the new cow's calf, became veal in due time—while Nicolas wept and Rupert was keenly interested—and we traded a side of veal with the Camerons for a side of pork. Before winter set in our good old Carrie had a nice little heifer calf, and it we kept, sharing the milk with it for the sake of its future value. Milk and butter and eggs we had in plenty, and feed enough to last the cattle and horses until we could turn them out to pasture in the spring. Therefore our winter supplies would cost us only a fraction of what they had cost the year before, and we were not like the Fenwicks, who, we learned by accident, had been compelled to give David Wilson a chattel mortgage on their cattle as security for what they owed him.

People all around us were "up against it." Those who were more or less established could weather the storm, but beginners suffered, I fear, more than we even suspected. In former years the sale of stock or cordwood had provided ready cash in time of need, but now one could scarcely give away a cow or a load of wood, to say nothing of selling them. The stories one used to read about a carcass of beef not bringing sufficient to pay the freight charges were too painfully near the truth to be funny.

And still people hung on. One would have thought that the Fenwicks, for instance, would have given in to the repeated bad luck that had been their portion, but they did not.

"I cannot leave the place where my baby is," Mrs. Fenwick told me. And soon we heard that she had taken a position in Winnipeg for the winter, as nurse to an elderly invalid. "I am really stronger than Arthur is," she said, "and when I heard of this place it seemed like a gift direct from Heaven. In six months I shall make almost as much as we got for our whole season's work, and that will set us on our feet for next year. Of course, Arthur objects, but I tell him it is just my turn to help."

The Camerons, besides having their fine crop so badly damaged by the rain, had lost several of their valuable pigs with some mysterious disease that I do not pretend to know anything about. But they too took their misfortunes philosophically. Jim went out threshing as soon as he could get away and then about the first of December went to a lumber camp, Bob remaining at home to care for the stock. Jack Severn would have followed Jim's example, but Gwen was not in a condition to be left alone, even had she not been so nervous and depressed that she would scarcely let Jack out of her sight. The Severns were, I fear, of all our neighbors, the most in need. And poor Gwen, unfortunately, is not a good manager.

Mrs. Carsdale came back to Spruce Creek in September and dropped into her old place in our circle, but we missed Jim and Mrs. Fenwick, and our Tuesday evenings were not quite the light-hearted gatherings they had been the year before. Try as we would it was impossible to avoid all thought and discussion of the problems that stared us in the face. We were by no means "Red" but we all felt that socially and politically there was much room for improvement, and the coming Federal elections provided material for many long and perhaps not wholly unprofitable debates.

Our neighborhood was fairly representative of the Dominion as a whole. Between the Mowbrays, who were old school Conservatives, and Mr. Gagnon, a Laurier Liberal, every shade of opinion had its following. To me it seemed that each group had a measure of wisdom and I used to wish it still, for that matter—that the differences could be sunk in a practical working out of the great problems that called for solution. Perhaps it is because I am only a woman, perhaps because my political education was not begun soon enough, at all events it seems to me that such matters as freight rates, the Soldier Settlement scheme, the tariff, the railways, immigration and so on, could be settled best by the application of the sort of common-sense that a man uses in his business or a woman in her housekeeping, rather than by the doubtful magic of sacredly-held political theories.

Of course I agree with the immortal Gilbert that every child born is "either a little Liberal or else a little Conservative," but my contention is that such a distinction is merely one of temperament, we might just as reasonably divide the word for political purposes into blondes and brunettes. In which case, I presume, the red-haired folk would be the Radicals!

I have never been able to satisfy myself that party rule, or, worse still, class rule, is any more a necessity in Provincial or Federal politics than it is in municipal affairs. As I take it, Canada is faced with a huge war debt that must be paid, whether we like it or not, and with problems that affect not one class or party or group, but each one of our ten million people, to say nothing of those who will come after us. In view of all this how can we go on speculating and bickering like an amateur debating society, while in isolated districts little children are without the necessities of

life and in the cities, factories and stores are forced to close, and hundreds of men and women thrown out of employment?

I know, we all know, that certain men made fortunes during the war and afterwards in the era of swiftly changing markets. But I know too that many business men are working night and day to hold together the industries on which not they alone but all their employees depend—and I should like our Socialist friends to tell me what is to be gained by driving such men to bankruptcy. There too lies the weakness of the extremists in the Farmers' Party, they refuse to see that Canada cannot live by wheat alone.

However, that is enough of politics—Murray is always threatening me with a soap-box.

(To be continued)

### Corns Between the Toes Painlessly Removed

A real sure, dependable remedy that has been lifting out corns for the past fifty years will surely lift yours out. Putnam's Corn Extractor is the old reliable corn remedy—it stands the test of time and never fails, 25c everywhere.

### Alberta Lumber Shipped East

Calgary-produced lumber is being shipped to Battle Creek, Michigan, and as far east as New York. The logs are cut on the Ghost River, a tributary of the Bow, and a cut of 5,000,000 feet is expected this winter.

# RED ROSE TEA "is good tea"

and the choicest of Red Rose Teas is the  
ORANGE PEKOE QUALITY

### The Use of Narcotics

Tea and Coffee Said to Come Under This Category

The United States is the world's most neurotic country, with Britain a close second, said Dr. Walter E. Dixon, Cambridge University professor, in a lecture on "Drug Addicts" at the Royal Institution. Neurotics are easy drug victims, he asserted, adding that coffee and tea are drugs as well as alcohol.

"Anyone who smokes twenty cigarettes a day puts five per cent. of his blood out of play," Dr. Dixon opined.

A cynic is one who thinks you can't be somebody in these times without learning how to do somebody.

### Soldiers Play Golf

Tommy Atkins Has Taken to the Game at Aldershot

Tommy Atkins has taken to golf without the tailored trimmings. At Aldershot, England's great permanent military camp, standing orders that "soldiers may wear fatigue dress when playing golf so long as they are in possession of a pass marked 'Golf' in red ink.

The game is increasingly popular with the rank and file of the British army and facilities are given for play on the courses near the Aldershot barracks.

A lot of girls marry simply because other girls marry.

## "We got our Exercise at the Wood Pile"

IN the good old days when we were boys in the country there was no lack of exercise.

When other jobs ran out there was always wood to be cut and there is no denying that pushing the buck saw and swinging the axe are real exercise.

Rosy cheeks and sparkling eyes told of pure blood and an active liver. There was no lack of appetite those times and no complaints of indigestion.

But wood piles are not so plentiful now as they used to be and the tendency to avoid exercise is continually on the increase. For this reason it becomes absolutely necessary to resort to other means of keeping the liver active and the bowels regular.

Particularly in the cold season when we live so much indoors with too little pure air to breathe and too much artificial food to eat do we require the use of medicine to regulate the vital organs.

In the great majority of homes Dr. Chase's Kidney-Liver Pills are constantly kept on hand for this purpose because they have proven to be the most dependable regulator and suitable for all the family.

Neglect to keep the liver, kidneys and bowels in healthful activity is only courting trouble from such ailments as appendicitis, Bright's disease of the kidneys, diabetes, high blood pressure or other dreaded diseases.

By the use of one pill a dose at bedtime once or twice a week you can be sure of the healthful action of these eliminating organs and the prevention of such ills as naturally develop in a poisoned system.

Please note that while the price of Dr. Chase's Kidney-Liver Pills is increased to 35 cts. a box the number of pills in a box is increased in the same proportion. Edmanson, Bates & Co., Ltd., Toronto.

## Heavy Shipments of Grain

Vulcan Leads Southern Alberta in Shipments of Wheat

A record for shipments of grain has been made at Vulcan, Alta. From this one point there has been shipped since the harvest last year up to the end of the third week in January of this year more than 1,700,000 bushels of grain, of which 1,500,000 bushels was wheat. Vulcan leads Southern Alberta in shipments.

Barons, another point near Vulcan, has marketed 1,250,000 bushels, Champion and Blackie over a million bushels each, Nanton a million; Claresholm a million, and Granum and Woodside combined, more than 1,200,000 bushels. Points along the Cardston line and other branches in Southern Alberta have also done well.

HEALTHY CHILDREN  
ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. The new sales tax will not increase the price of Baby's Own Tablets, as the company pays the tax. You can still obtain the Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from the Dr. Williams' Medicine Co., Brockville, Ont.

## Getting Back At Father

Little Mary's father had denied her a pleasure which she had expected to enjoy. That night when she said her prayers at her mother's knee, she concluded with this petition: "And please don't give my papa any more children. He don't know how to treat those he's got now."—Household Guest.

MRS. A. A. FOULGER

This Nurse Sends a Message  
to Every Woman in Canada.

Brantford, Ont.—"During twenty-one years of experience at nursing, I not only took Dr. Pierce's Favorite Prescription myself to keep up my health and strength, but I have also recommended it to many a patient, especially to prospective mothers, and think it is by far the best tonic and nerve that a woman can take, and for that reason I give it my highest endorsement."—Mrs. A. A. Foulger, 41 Sheridan Street.

Health is most important to every woman. You cannot afford to neglect it when your neighborhood druggist can supply you with Favorite Prescription, in tablets or liquid. This Prescription is made in Dr. Pierce's Laboratory in Bridgeburg, Ont. Send 10 cents there if you wish a trial package.

W. N. U. 1611

WORLD HAPPENINGS  
BRIEFLY TOLD

Spain will sign the agreement definitely fixing the future status of Tangier. France and Great Britain already have signed it.

Word has been received that the Scottish Gold Union will finance an expedition of British golfers to Canada and the United States next summer.

It is feared that the Amundsen exploration ship Maud, which is drifting with the ice in the Arctic Ocean, is in danger of grounding on the new Siberian Islands.

Charles Herbert Levenhorne, of New York, student of international relations, writer and former college professor, was announced as the winner of the \$100,000 prize offered by Edward W. Bok for the best plan to preserve peace among the nations of the world.

Is Your Nose  
Stuffed With Cold?

Don't load your stomach with cough medicine. Send healing medication through the nostrils—send it into the passages that are inflamed with Catarrh. It's easy to get rid of a bad cold, to drive out Catarrh, to strengthen a weak throat by inhaling Get Catarrhzone from your druggist today. By using it frequently you keep the air passages free from germs, and thereby prevent many a bad cold. Two months' treatment \$1.00; small size 50c. Refuse a substitute. By mail from The Catarrhzone Co., Montreal.

## Gold Output in Yukon

That the gold output in the Yukon Territory will be greater this year than last, is the opinion of Dr. Alfred Thompson, M.P., for the Yukon. The silver-lead camp at Mayo and Reno Hill would contribute a total of 8,000 tons, he says.

NO MORE WEAK  
and DIZZY SPELLS  
Since She Used  
MILBURN'S  
Heart and Nerve Pills

Miss Bertha Charrette, Regina, Sask., writes: "I have had a lot of trouble lately, with what I thought was heart trouble, and after an unusual exertion I always felt sick. My doctor advised a complete rest and change, but this I was unable to take. I became interested in Milburn's Heart and Nerve Pills, so started taking them. I have now taken three boxes and am so much improved I can go about my daily work without feeling any after ill effects, and have not had any weak or dizzy spells for some time. Your medicine has done me more good than anything I have ever taken, and I will gladly recommend Milburn's Heart and Nerve Pills to any woman who is weak and run down."

Price 50c per box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## A Human Seismograph

Woman, Who Registers Earthquake Shocks Is Found in London

London has a human seismograph, a woman who registers earthquake shocks whenever they occur, says Prof. H. H. Turner, in an article on earthquakes in the Quarterly Review. "A woman of peculiar sensitiveness," he writes, "has been able for years past to report almost every earthquake in all parts of the world before any news comes in. She suffers from a curious nervous tension as though under the influence of electricity. It almost incapacitates her while it lasts, but it ends suddenly."

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Exterminator has proved a boon to suffering children everywhere. It seldom fails.

## A Scotsman's Heaven

A Scotsman was explaining to a group of acquaintances how greatly he had enjoyed himself the previous evening. "I was in a great room," he said, "and there were seven pipes all playing at once and all playing different tunes. Man! It was just like Heaven."

## Irrigation and Mixed Farming

Substantial Gain is Shown in Southern Alberta Irrigation District

Evidence of the manner in which irrigation is promoting mixed farming in Southern Alberta is found in statistics compiled for the Vauxhall irrigation district. This is one of the newer Southern Alberta irrigation districts. In 1920 there were only 27 farms operating in the district; this had increased in 1923 to 65. The increases in livestock in these farms in the same period are as follows: Horses from 152 to 425; cattle from 10 to 975; sheep from none to 8,409; hogs from 11 to 1,171; and poultry from 137 to 3,499. The principal products of the district are wheat and coarse grain, potatoes, hay, vegetables and livestock and dairy products.

## The Farmer Pays

He Pays As a Producer and As a Consumer and is Vitrally Interested in Lower Taxation

It takes a keen eye and an active mind to trace the process by which a great proportion of the taxes paid in Canada eventually comes out of the pocket of the farmer; but it does not take long to satisfy ourselves that this is so. As a general rule taxes are paid by the ultimate consumer or the producer. In some instances the producer is able to pass the tax on to the purchaser of his product, but the farmer cannot do this because the value of his product is fixed by world conditions and forces over which he has no control. In addition to being affected as a producer the farmer also pays taxes as a consumer—so he gets it both going and coming.

The farmer is therefore vitally interested in governmental expenditures, whether they be federal, provincial or municipal. The more these governments spend, the more he has to pay. He may think that the levying of certain kinds of taxes, such as the income tax, relieve him of part of his tax burden, because the city-man has to pay heavily under these taxes. But the fact is clear, that wherever possible the business man includes such taxes as a part of his business expense and the things he sells cost just that much more and the farmer, who is unable to add his taxes to the price of his wheat, pays a very respectable share of the income taxes paid by business concerns with whom he does business. The remedy is less expenditure by Governments and Lower Taxation.

## Minard's Liniment for Dandruff

Saxophones, which are now so popular with the musical public, are very sensitive instruments; a sudden draught of cold air may cause them to go flat in tone.

WRIGLEY'S

and teeth.

Wrigley's means  
benefit as well as  
pleasure.

## Airships Untrustworthy

Production of Large Aeroplanes  
Supersedes the Zeppelin

The Dixmude was the latest German airship completed at the time of the armistice, and was handed over to France and put in commission by the French Government instead of being, as it should have been, destroyed. Long before the end of the war the Zeppelin had proved itself entirely untrustworthy as a fighting instrument. We had destroyed Zeppelins by sea and over land here and in Belgium, and in the last great raid over London not one of the ships employed survived the weather conditions to which they were subjected. The practical German mind, well aware of the limitation of its own instruments, deflected the activities of the great airship factory at Friedrichshafen to the production of large aeroplanes instead. At any rate, for the moment, the best brains in aerial study in all countries are agreed that the airship had best be left alone.—London Standard.

## Keeping Christmas Day in May

Day Was Once Celebrated in Eastern Church in Spring Time

Christmas Day has not always been kept on a fixed date. At first it was as much a movable feast as Easter, and was celebrated by the Eastern Churches in May.

The date, December 25, was selected in the fourth century by a commission of theologians. They would seem to have been singularly ill-advised, for this is the height of the rainy season in Judea, which makes it improbable that shepherds would be watching their flocks by night and that the stars would be visible.—Lloyd's Weekly News.

Mother! Give Sick Baby  
"California Fig Syrup"

Harmless Laxative to Clean Liver  
and Bowels of Baby or Child

Even constipated, bilious, feverish, or sick, colic Babies and Children love to take genuine "California Fig Syrup." No other laxative regulates the tender little bowels so nicely. It sweetens the stomach and starts the liver and bowels acting without griping. Contains no narcotics or soothing drugs. Say "California" to your druggist and avoid counterfeits! Insist upon genuine "California Fig Syrup" which contains directions.

## New Oil Refinery

With a capacity of 4,000 barrels a day, the new oil refinery of the Imperial Oil Company has commenced operations at Calgary. The refinery is well supplied with crude oil from the Montana field, the huge storage tanks being filled in readiness for operation.

For Scalds and Burns.—Dr. Thomas' Electric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and aids a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pains arising from inflammation of various kinds. A bottle in the house and stable saves many a doctor's and veterinary's fee.

What man has done man can do—but there is a great deal he ought to be ashamed to try.

Exhausted from Asthma. Many who read these words know the terrible drain upon health and strength, which comes in the train of asthmatic troubles. Many do not realize, however, that there is one true remedy which will usually stop this drain. Dr. J. D. Kellogg's Asthma Remedy is a wonderful check to this enervating ailment. It has a countless record of relief to its credit. It is sold almost everywhere.

Not every fellow who is praised by the filling station man could get a recommendation from his grocer.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

The average man cannot tell a woman anything, because she would rather talk than listen.

## THERE IS A TIME FOR EVERYTHING

**T**HE time to have your HARNESS REPAIRED and OILED is RIGHT NOW, not when you are ready to hitch up for work in the field.

I have everything in shape to fix you up for a good start. My repair shop is complete in every way with the best of machinery, materials and workmanship READY FOR YOUR SERVICE.

I make a specialty of oiling harness. Each and every harness is taken apart and thoroughly scrubbed with brush, soap and water to remove all sweat and dirt before being soaked in the oil tank. Every loop and part of the harness gets its share of the oil, a thing impossible to do by hand oiling.

My charges for this thorough work are very moderate:

Team harness \$3.00 per set

Plough harness, without breeching, \$2.50

Democrat harness \$2.50

Buggy harness \$1.50.

If harness is clean I can oil them from \$1.00 up.

If you do your own repair work I can furnish you with HARNESS LEATHER, either cut stock or by the side; also HARNESS HARDWARE, thread, wax, etc.

**W. J. HILLYARD,**

Dealer in Harness and Harness Supplies

DIDSBURY, ALBERTA

### BURNSIDE

About one hundred neighbors and friends attended the surprise party at Tom Finlay's on Tuesday evening, March 4th and spent their time in dancing and cards. Everybody reported a good time. Mr. and Mrs. Finlay and family moved Saturday to their new home on the Stevens place near Didsbury.

Don't forget the box social and program in the Jutland school on Friday evening, March 21st, in aid of the U. F. A. Everybody welcome.

Mr. and Mrs. Dave Thoman and family spent Sunday at Abe Meek's near Didsbury.

There have been a lot of sales in this neighborhood lately, mostly cash sales. They all drew big crowds and good prices.

Mrs. John Topley who had her tonsils and teeth removed in the hospital last Wednesday is home again and doing well.

Mr. Robert Griffin is spending a week in Saskatchewan on business.

Mr. and Mrs. Herschhorn and family of Belseker moved on Monday into the Elliot ranch.

Mr. Theo Doll and family are moving on to the Chandler place which they have rented.

The play and program put on in Jutland school last Friday night by the Intermediate Baseball team was attended by a large crowd. The play was entitled "That Rascal Pat," and was splendid as was also the rest of the program. The Bellamy orchestra provided music for the dance afterwards. We are glad to hear that the boys cleared a nice little sum which will help out their treasury during the coming ball season.

### AUCTION SALE

Under instructions from Walter Simon I will sell by public auction on N. E. 1/4 Sec. 21-31-2, W. 5, 3 miles west and 1 mile north of Didsbury, on

FRIDAY, MARCH 21st, 1924

### TEAS AND COFFEES

Yes we believe we have your favorite teas and coffees, if not we can get them for you. In teas we handle

Blue Ribbon  
Nabob

Red Rose  
De Luxe

Salada  
Liptons

Chase and Sanborne

We have a special blend of bulk black tea at 70c per lb. James

Read's rink of curlers pronounced this as excellent.

In Coffee we have the favorably known brands

Red Rose

Nabob

Tuxedo

Our Hub Special Coffee is 50c per lb., comes in the bean and we grind it for you. This has an excellent flavor and James McGhee's rink of curlers say it can't be beat. Just try it. We also have a bulk Santos at 40c. per lb. This is excellent value, coffees are advancing. Take a tip.

## Notice to Butter Makers

Owing to so much butter being made of unsalable quality we will pay a premium for dairy butter coming up to the standard

This has never been done in Didsbury before and we realize that in some cases will end disastrous for us. So if you see one of the brothers headed up the alley with the remnants of a basket hung over his head or greased up like a pig on the 4th of July ask no questions.
